

September 2006 Rally at Lahonton

Doing one of the things we do best – gabbing, sharing stories and coming up with ideas

We were talking with Gary and Donetta in front of their new Airstream purchased just 5 days before the rally

A little warm for a campfire but you can't have an SNU rally without one

Checking out a 1960 Airstream Dean wants to sell.

Gary, Wes, and Anita trying out the new SNU effort to keep minds active and bodies agile – yoyo! Is a there a champion in the making??
