UNIT NEWS

MONTEREY BAY CALIFORNIA UNIT

April 17, 1989

Twenty three trailers and motorhomes helped to celebrate the Rites of Spring at our Easter weekend rally at Los Banos. Hosts Ev and Faye Messinger and Joe and Shirley Gorman arranged a program of fun for everyone, including egg decorating, an Easter egg hunt, and even an Easter egg bocci ball game.

To celebrate spring cleaning, six trailers took advantage of the rug cleaning service arranged for by Shirley Gorman.

We were happy to have Morris Tracy, 1st Vice President of Region XII, and his wife Irene, as guests at the rally, and were pleased to have a brief visit from WBCCI Past President Don Anderson. Jerry and Edna Strain, whom we haven't seen for quite a while, also stopped by to say hello. The Saturday night dinner at the Elks Club was provided by GeeGee Toscano, and was thoroughly enjoyed by all. Our thanks to GeeGee and his crew.

You should have received the updated pages of the Unit Handbook by now. Thanks again to Art Kellond and his computer for getting the information into reproducible form. One glaring error sneaked past our editorial eyes, however, and we offer our sincere apologies to Howard and Dot Donald. Somehow their former address sneaked back into the final copy. For those of you who received the incorrect information a corrected page 8 is attached hereto.

We have some exciting news of unit members. After 31 years in their Los Gatos home the Browns plan to move, in September. They have bought a lovely house in French Creek Estates, in Shingle Springs. Also, we have it on good authority that Art and Kitty Kellond have purchased the Dahme trailer. We look forward to having them with us again soon. As for Gladys Rose, she is doing so well that she even asked Margaret if she thought she was well enough to attend the April rally. In spite of Margaret's indignant "No way" we are delighted to know that surgery hasn't changed our Gladys.

Judging from the newsletters received from other units the "Squarestream" issue is very much in the forefront of concerns. Support for the restrictive amendment seems to come principally from the IBT and some units in the east. The business meeting at Bozeman promises to be an interesting one.

That's about it for now.

Marian & Fay
