

Sierra Nevada Unit
LaBorde - '64 Safari

Galley w/ original Magic Chef stove/oven. Original furnace is located beneath the right side of the sink with two registers and a duct to the black water tank to keep it from freezing. I would like to upgrade to a digital thermostat.

Satellite Radio on end of pantry & Inverter mounted beneath pantry

Benton Hot Springs
Old Benton, CA

Original Dometic refrigerator - interior freezer cover was rebuilt and a new oak panel was inserted into the door. The porcelain jet has been replaced with a custom brass jet after failure.

Propane only

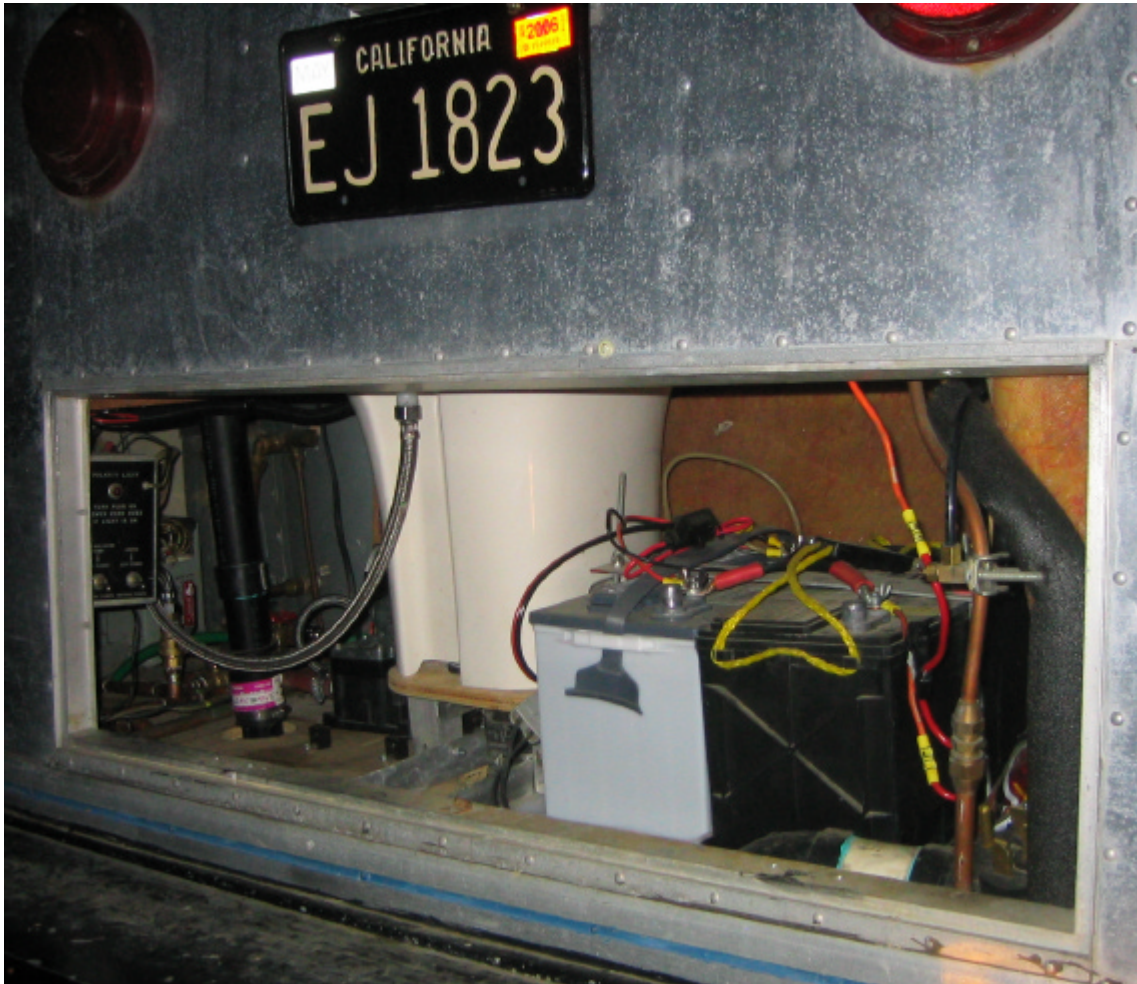

LED lights modifying fixtures to conserve amps

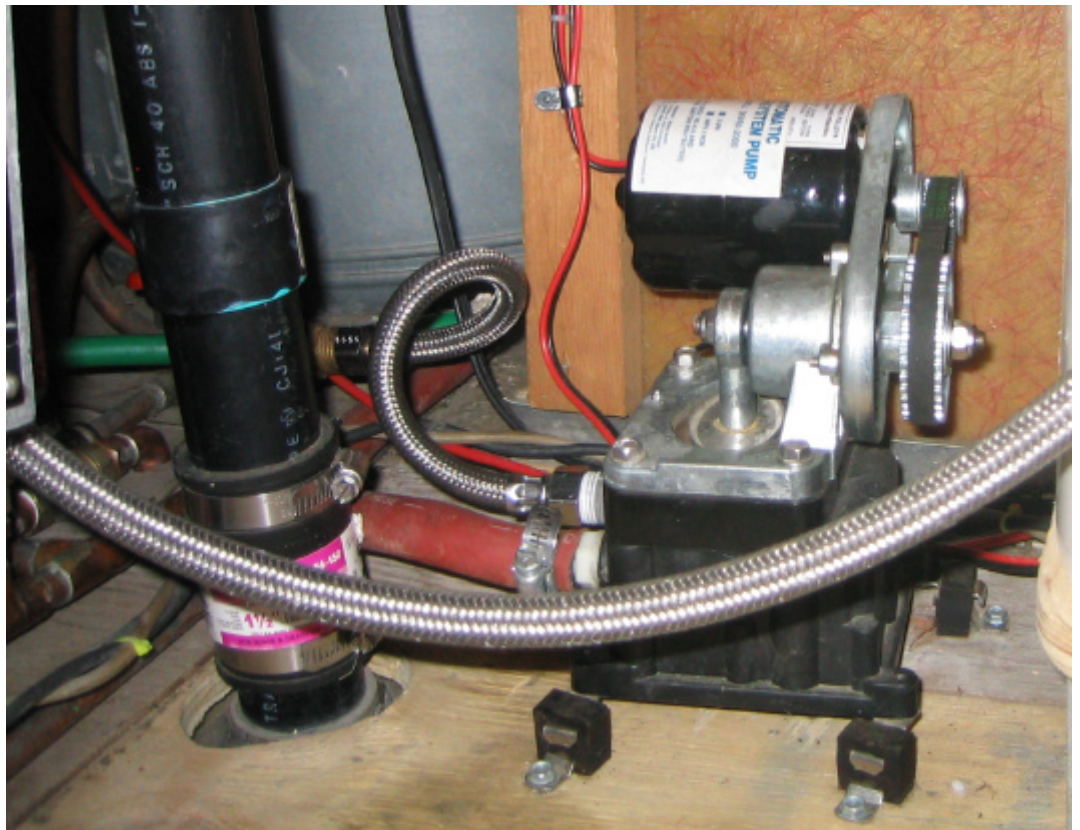

75 watt solar panel with controller mounted on the back of the panel

Two batteries in the utility bay to increase storage capacity of the solar sys.

Original pump and toilet were replaced by PO
Black water tank was removed and repaired as was the blade valve.
