Re: Request to be Considered for the Nomination to the  
2009-2010 International Nominating Committee

Dear Mr. Collins:

I trust this finds you in good health, and that your 2008 International Rally was a success.

The purpose of this letter is to notify you that I wish to place my name into the WBCCI headquarters for consideration of the International Nominating Committee for nomination to the 2009-2010 International Nominating Committee.

I do so by offering the membership of our beloved club my:

- 1). 25 plus years as a member of WBCCI through the New Jersey Unit, WBCCI, of which I have served three terms as president (1987-88, 1997-98 and 2007-08) along with my experience in the club at many levels and positions;
- 2). 12 years experience as a Director, 11 of which were as President, of the highly successful Airstream-only campground in southern New Jersey known as Jersey Shore Airstream Haven, DBA Jersey Shore Haven, Inc;
- 3). 38 years of experience as a practicing architect and planner; and
- 4). 30 years of extensive experience as a volunteer in many diversified areas of expertise.

It is my belief that we, as an organization of Airstream owners, need to take an immediate, new and refreshing look at our future and to seek out candidates for International Office that are of the same mind-set. We must look at new and exciting ways to expand our membership base through the inclusion of "Classic" Airstreams and Airstream RV's that bear only the "Airstream" brand name, including an existing base of, some say, over 50,000 Airstreams that traverse our great nation without WBCCI membership numbers and are out there just waiting to be asked to join.

This means that future International Officers must be cognizant of the fact that we are an "Airstream Only" club, uniquely formed because of our love for the unique recreational vehicles we sought and desired to own. It is now up to us to prepare for the future by aggressively seeking candidates who will do everything in their power to respect the history and uniqueness of our club while progressively looking to expand our club, not by inclusion of non-Airstream products, but by taking active planning measures to bring into our club those "Classic" Airstreams that far outnumber our existing membership and to encourage the owners of the latest "Classic" Airstreams to join us and thus enable us all to progress into the future.

Page 2,  
Mr. Jerry Collins, IPP  
Nominating Committee

As I understand it, this notice to the International Nominating Committee must be received by November 1, 2008 for consideration by the committee with interviews to be held at the International Mid-Winter "IBT" meeting in Texas. Please understand that, if necessary, I am prepared to meet with the committee then or at some other additional time and place at the pleasure of the committee.

It would be an honor and privilege to serve this great club, and I ask for your consideration and support.

Sincerely,

Patrick J. McFadden, AIA, UPP  
President, New Jersey Unit 066
