Mister President:

As a result of my action in submitting myself to the Nominating Committee and subsequently the membership of our club, and the members acting through their Delegates having elected me to serve them through the office of International 3rd Vice President for the fiscal year 2010—2011; it is necessary for me to resign as President of Region 12 and my position as member of the International Board of Trustees representing Region 12 effective today.

I have enjoyed the now 5 years I have served the members of Region 12 and sincerely appreciate the love and support they have shown in ways beyond expression during this period. I am confident the new leadership will receive the same support and assistance as we all continue with our lives of Fun, Fellowship and Adventure together.

Sincerely,

John W. Boutwell
President
